Huge Conger, Great Bass and Big Cod!

Beaufort
CHARTERS

As most of you know we concentrate on wreck fishing and this policy has certainly paid off in the last few months.

The wrecks have been very good to us and we have seen good Cod up to 18 lbs, surprisingly Pollack to 20 lbs, Black Bream to 3.5 lbs, Bass to 14 lbs and a best Conger of 98 lbs, which was not only a record for the year but also for the boat!

The Woking Conger Club have had three consecutive fantastic trips, averaging 20 conger per trip with the biggest each trip of 78 lbs, 98 lbs and 87 lbs. Gary Medhurst, a fireman from Woking, accounting for the biggest two.

All of them came from the same wreck and were returned to fight another day. What is the secret of their success? Join one of our Conger trips and find out!

We are now looking forward to the Winter Cod coming in shore to spawn and giving us great sport on the rough ground.

OUR NEW SPONSOR

We are very pleased to announce we have concluded a deal with Masterline, for them to sponsor Aquavitesse.

Masterline are a supplier of quality fishing gear and are based in Tewkesbury and supply some of the well known brands such as Storm and Rapala.

Very soon Aquavitesse will be kitted out with the latest rods and reels from their Tideline range and we will also have a selection of Rapala lures and Storm shads to try on the spring Pollack next year.

Masterline are very keen to develop their products and will be asking for feedback from the deck of Aquavitesse.

John Wilson endorses Masterline products and next year we hope to have John on board for some Masterclasses.

Please contact Christine Slater at Tailormade Holidays for more details.

FATHER AND SON DAYS

These are days where the emphasis will be on fun and of course sons, daughters, mums and dads, whatever combination are welcome.

The day would start off with breakfast at Macs Café in Kempton at 0800 followed by an informal teach-in on the boat, before we head off for a day of inshore wreck, ground and mackerel fishing.

Nothing too long, fun is the order of the day and giving an opportunity for parent and child bonding.

We would return at 1600 after giving all the kids a chance to drive the boat (OK, maybe the big kids as well).

Please register your interest by e-mail, info@beaufortcharters.co.uk and we will keep you informed of dates for 2008.

THE BOAT

As usual Aquavitesse will be out of the water in December/January for her annual refit and paint. If you feel you would like to see any improvements, please let us know, but we are NOT going to paint her orange.

BASS COMPETITION

For the second year running Aquavitesse has been the boat featured in 1st place in the Boat Fishing Monthly Summer Bass competition.

Congratulations to Andy Dunscombe who won with the biggest Bass caught and released of 14 lbs.
